**Subject:** I/M/O Lansing Rod and Gun Club Docket No. RCRA-02-2016-7301

Dear Messrs. Oropallo and Paul,

This email communication is sent to follow up on your August 13, 2018 email communication reply to my August 3, 2018 and August 6, 2018 email communications.

In your August 13, 2018 reply, you indicated that the Club had applied for a building permit to construct the warming hut or shed at the Site. Was the permit application approved? Did construction on the building commence? Are there any additional permits that the Club is required to obtain?

Please provide EPA with an update with regard to the status of the permit at your earliest opportunity. Thank you in advance.

Sincerely,

Melva J. Hayden
